SOLDIERS' RELIEF MEASURES RESULT IN ANOTHER CLASH

Chairman Threatens to Adjourn Further Sessions Unless Quiet is Maintained.

RIVALRY IS MENTIONED

Statement of American Legion Commander is Pronounced Erroneous.

Further Criticism is Declared Out of Order.

(By Associated Press.)

Washington, March 3.—Another row occurred today at hearings before the House Ways and Means Committee on Soldier Relief measures.

It came when E. H. Hale, representing veterans of foreign wars told the committee that statements made yesterday by Franklin D'Olier, commander of the American Legion, were "erroneous and should be contradicted".

A storm of protest resulted, but Chairman Sweeney restored order by a warning that "unless order can be maintained we will quit these hearings."

Representative Stredway, republican, said the committee should not permit criticism of the American Legion, adding that "evident rivalry exists between various associations."

After five minutes of wrangling, during which many members started to leave, the chairman ruled that witnesses should not criticize other organizations.

Hale urged passage of a bill authorizing relief to discharged service men at the rate of \$30 a month instead of \$50, with an additional grant of \$100 to those who served overseas.

He also favored passage of the Morgan bill which would give service men the option of selection of home-lands.

BEAUTIFUL STAR IN EXCITING PHOTO PLAY

Mary Miles Minter, in her second picture for Real Art, showing at the Palace theater Tuesday and Wednesday, kept big audiences at both the matinee and evening, enthralled with her girlish beauty and charm in one of the most exciting of photo dramas, "Judy of Rogues Harbor."

Each successive scene developed fresh interest in a play of startling action and most unusual plot, featuring a vicious organization of Red radicals, "the citizens of world" foiled by the young heroine in their attempts to murder the Governor and wreck the government.

The photography was wonderful and the light effects in some of the scenes marvelous, framing the lovely star in a perfect setting.

"Rogues Harbor" will be shown for the last time tonight.

how much this medicine helps a person until they try it themselves," Mrs. Bailey continued.

"My stomach was in very bad condition and I was troubled with indigestion and constipation. I didn't have much appetite and didn't eat a great deal but just the little I ate caused me to suffer afterward with indigestion. The constipation was so bad that I had severe headaches often. I always felt tired and worn out in mornings, too. My sleep didn't seem to do me a bit of good.

"All this trouble is gone since I have been taking Vola-Tonic and I am in normal condition again. My appetite has improved and my digestion is good now. The constipation has left me, also, and those severe headaches I used to have are gone. When I get up in mornings I feel refreshed and energetic and ready for my work.

LANCASTER TEAM DOWNS TRIANGLES

For the third time this season the Triangle basketball squad Tuesday evening was defeated at Lancaster before the fast Petty Shoe team. It was the worst beating that the Triangles have taken this year and the score was 67 to 14.

Featuring the game was the fast team work of the Petty Shoes which completely dazzled the locals and left them to the mercies of the Lancaster forwards who piled in the baskets in an unbroken succession.

All the Triangles took part in the game; Burnett started at guard but gave way to O'Brien in the second half. Peterson was replaced at center by Paul Smith who gave an exhibition of basket shooting, throwing in three of the field variety in the closing minutes.

Thursday evening the Triangles will play on their own floor at the Y. M. C. A. and will meet the I. B. Martins of Columbus. The Martins have been cleaning some fast opponents and will try hard to keep up their winning streak while the Triangles will be trying just as hard to bread their string of losses.

In making the high score Noon came within one point of tying the score that decided the state championship head pin tournament held in Columbus some time ago when the highest man rolled 115. The highest score possible to make in head pin bowling is 120.

The cup offered by the "Y" has been ordered and will be presented to Noon upon its arrival.

Order Your Wallis Now
---and avoid disappointment

Hundreds of good business farmers were disappointed last year because they were not able to get a Wallis tractor.

Many have told us, because of their delay in buying, they suffered considerable financial loss. For this reason, we believe, we owe it to our farmer friends to submit the facts regarding Wallis production.

During the past year our plan for increased production of Wallis tractors has been completely carried out. But keeping up Wallis quality of precision, care and accuracy, permits us to safely increase production only a given per cent each year.

Therefore, we know in advance that many who would buy Wallis tractors this year will be disappointed unless their orders are placed immediately.

Our dealer-distributors are vying with each other in placing orders for early shipment, but we have asked them to be content with fewer Wallis tractors than they are demanding, to the end that each community may get its share of the available supply.

We ask you and every other intending purchaser to be fair with himself—to look ahead to the early spring work—to harvest time, when the heat is killing horses in the fields and stopping binders; and to threshing time, when dependable power means saved time and increased profits.

If you are to have a Wallis, you cannot delay placing your order.

There is a Wallis dealer near you who will accept your deposit and hold your Wallis Tractor and J. I. Case Tractor Plow, Lister and Disc Harrow for you. Or, better still, will deliver them immediately.

Pepto-Mangan Builds Red Blood

The Happy Family is the One Where Everybody Has Red-blooded Health

Children should not be pale and wan. Women should not be tired, weak and blue. Young girls should not be fallow, listless and anemic. Men should not feel run-down and poorly. Poor health and lack of vitality are often merely the result of impoverished blood.

Gude's Pepto-Mangan is for people whose bodies suffer from lack of pro-

per blood-nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red blood cells, which are so necessary to carry the proper nourishment, vigorousness, and strength to every part of the body.

It contains the very properties that are so sorely needed to build up thin, watery blood. Physicians call it the Red Blood Builder.

For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medicinal value.

Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine Pepto-Mangan, ask your druggist for "Gude's". And be sure the name "Gude's" is on the package.—Advt.

The "Steel Trust" Upheld

In holding legal the United States Steel Corporation, refusing to dissolve that gigantic combination which we know as the "Steel Trust", the Supreme court of the United States has gone a long way in establishing a new precedent and inaugurating a new era regarding business.

The necessities of war time demonstrated conclusively that combinations of capital, of resources, or of energy were not only not harmful, in and of themselves, but that they were in many instances helpful to the individual and collective good.

In effect the decision recognizes a principle which has been contended for by many able men, during the last two decades, that there are good and there are bad combinations; that there are combinations helpful to the people and necessary to proper progress and, at the same time there are combinations vicious in plan and purpose and harmful to commercial and industrial progress.

Under the Sherman "Anti Trust Law" before war's necessities opened up a new view for the people, it was the custom to regard all combinations, of any considerable size as vicious regardless of purpose or of method of business.

Under that law, uninterpreted, and under the whip and spur of popular acclaim we were riding rapidly toward commercial and industrial disaster when the war showed us the error of a too sweeping application of a law designed only to check the vicious.

No longer, after the decision of Monday, is it likely that business combinations will be condemned and destroyed by law simply because of size or prosperity.

There are some who announce that the decision nullifies the Sherman law and makes all combinations legal. That seems too extreme a view. Rather it would seem that hereafter before destroying a combination we will determine what its purposes and its methods are and what its effect is so far as the public is concerned.

The decision seems to be an announcement of principles, a guide for the future, which should do much to silence senseless agitation and to encourage honest business enterprises no matter how "gigantic" in the work of development.

Asquith Back

Former Premier Asquith has been returned to parliament by the British voters. Succeeded by the present premier of the British empire, Lloyd George, it was the same Lloyd George, in the early days of the war, an assistant to Asquith, who with a handclasp welcomed his old chief back into the public service.

The come-back of former Premier Asquith may mean the retirement of David Lloyd George, just as the coming of the present premier in war times was the forerunner of the retirement of Asquith.

Certainly the British empire has no more brilliant and able statesman than Asquith. His lack of stern force in war time gave to the dynamic little Welshman, Lloyd George, the opportunity to grasp the premiership, and it is not improbable that the after-war calm, with its need for quiet statesmanship, the demand for the loosening of the tight bonds of war, the restoration of the full measure of freedom to British subjects, the development of trade and the expansion of the empire, with the victory of Asquith at the polls may be the forerunner of a return of Asquith as the prime minister.

That these two great Britishers regard each other without the least jealousy is indicated by their conduct in times of stress.

The Real Test

During the pre-war and war periods, when the currency of the nation was forced to unprecedented expansion to carry the tremendous volume of business necessary to those times, the currency laws proved abundantly equal. Not only was the nation able to carry forward the enormous commercial and industrial activity of war times, but the cost of war was met, the loans absorbed and without any panic or tumble in prices.

The remarkably healthy conditions of the nation's finances during the periods, which are now behind us, are directly attributable to the ease with which our financial plans enabled the people to meet the extraordinary demands.

It is a comparatively easy task, experience teaches us and financiers advise us, to expand the volume of the circulating medium, but it is different and far more difficult to contract an expanded currency without bringing on a financial panic which means paralysis in all lines of business.

If the federal reserve banking law will permit of a substantial and gradual reduction of the volume of money in circulation, thus forcing a gradual decline in prices, and, at the same time prevent a serious panic, it will have furnished the last and strongest bit of convincing proof of its worth.

POETRY FOR TODAY

IF WE COULD ONLY BE

There is a poem I have read, and which is quoted far, advising boys to be the sort their mothers think they are. But I would nobler be than that, and bear fame's oriflamme. If I could only be the man my younger thinks I am.

The bravest man alive, the staunchest ever born,

The greatest and most versatile that could the world adorn.

And, if I chose, far doughtier in strife than any other.

And very near as good and wise and lovable as mother.

Ah, parents, what are precepts all, when little children grow.
To learn we are not quite the sort they thought they used to know?
We could make home a dearer place and life more perfect far.
If we strove more to be the folk our babies think we are.

SOVIETS STIRRING UP THE NATIVES

(By Associated Press)

The Hague, Dec. 30. (By Mail)—The apparent Bolshevik movement in parts of southern Asia and the East Indies is not so much genuine Bolshevism as it is a movement directed against Great Britain, according to a Dutch official who is in constant touch with affairs in the Far East.

"We have learned," this official told the Associated Press correspondent, "that delegations from Afghanistan, from British India, and from some other Asiatic countries, have been at Moscow in close communication with the Soviet government."

"It is apparent that those who seek aid from the Russian Bolsheviks are

most invariably are those elements which have fought British rule in India, or British control in other parts of the East. Their aim is simply to get Russian backing for their anti-British campaigns."

Holland has had considerable difficulty with Bolshevik agitators in her East Indian colonies, but at no time has an actual revolt been started.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Mr. and Mrs. Joseph Bloomer celebrated their golden wedding anniversary Wednesday, March the third, at the Eagle's hall with an elaborate noon dinner, confined to the immediate family and followed by an afternoon and evening reception thrown open to their friends generally.

The occasion was one of noteworthy interest and pleasure and Mr. and Mrs. Bloomer received the felicitations of hundreds of their friends, who rejoiced with them in their happy arrival at this unusual milestone of life in the enjoyment of good health and family circle, including nine children unbroken.

Mr. and Mrs. Bloomer have spent their entire life in this city, except for a few months, and their acquaintance is wide. Mr. Bloomer has been active in local Republican political circles, and has held various offices, being at the present time a member of the city council. The marriage was performed in this city by Rev. Lanum, the bride being Miss Laura B. Lindsey.

The nine children, fourteen grand children and one great grand child were all present and four generations represented, with the daughter, Mrs. F. E. Tharp, of Dayton, her daughter, Mrs. Fred Kovermann, of New Castle, Ind., and the latter little son. The children present were Mrs. John Bresnahan, of Lancaster, Mr. Wm. Bloomer, of Grand Rapids, Mich., Mrs. Tharp, of Dayton; Mrs. Edward Jenkins, of Columbus; Mr. Chas. F. Bloomer of this city; Mr. H. P. Bloomer of Dayton; Mr. Alonzo Bloomer, of Columbus; Mr. H. M. Bloomer, of St. Louis, Mo.; and Mrs. Frank Cox, of this city.

They were all in waiting at the hall when Mr. and Mrs. Bloomer arrived for the dinner, the bride of fifty years ago defying the years and looking exceedingly well in a soft gown of gray messaline.

The entire family were seated at two long tables red carnations and greenery beautifying the bridal table.

The grand daughter, Mrs. Kovermann played the wedding march as they took their places. There was a beautiful bridal cake, cut by the bride, and an elegant dinner served.

The congenial pleasure of close family relatives broadened into the enjoyment of the reception, held from three o'clock throughout the evening. Friends in large number welcomed the opportunity to extend their congratulations and appreciated the social features included. Splendid music, furnished by Mr. Schleich piano, Mr. Miller drums and Saxophone.

All of the children were in the receiving line and gave cordial greetings with Mr. and Mrs. Bloomer.

Many handsome wedding gifts were received chiefly in gold, also cut glass and silver.

Included in the guests were the brother Mr. Mack Bloomer and family of Dayton Mrs. Elgar King of Mr. Sterling, Mrs. Oscar Howard, Mrs. Linton Barr, Mrs. Lou Bailey, of Wilmington, Mrs. Caroline Cox, of Hamilton, Mrs. Walter Reese of El Paso Texas.

Saint Patrick's day, Wednesday, March seventeenth, is the date chosen by the Knights of Pythias for a dance benefit of Third Degree Team to be given at their castle on North Fayette street.

In keeping with this Saint's day, the hall will be made festive with "green." The committee composed of Mr. Charles Sever, chairman, Messrs. C. E. Kelley, Jess Maddox and W. A. Bevan have secured as their music, Harvey's Five Piece Orchestra, which has proven itself exceedingly popular on previous occasions, and is sure to be a drawing card.

At midnight a supper will be served in the dining room.

Gaiety reigned in the Masonic Temple Tuesday night, when the third of the affairs given by the Masonic Social Club brought out a very large attendance of Masons and their friends and added one more thoroughly delightful affair to the laurels of the social committee.

From eight until ten o'clock cards were enjoyed, fifteen tables of players merrily contesting in a game of progressive "500" in the big lodge room.

Seventy couples participated in the dance which followed from ten until one.

Good music, with plenty of pep, was furnished by the Grove City Orchestra and a buffet luncheon was served.

The committee were Messrs. Chas. Browne, Chairman, Glenn Rodgers, Herman Frey and Walter Ellis.

The next dance will be given on March the 18th. The Grove City Orchestra has been engaged.

The "Old Fashioned Dance," given by the Pythian Sisters at the K. of P. Castle Tuesday afternoon proved to be one of the most successful as well as unusual affairs which this organization has sponsored.

Sixty couples found the old time quadrille jolly innovation and waltzes and two steps were greatly enjoyed.

A stringed orchestra, piano, banjo and violin, provided excellent music.

The affair was well managed by the committee, composed of Misses Emma Wilson, Hazel Pommert, Blanche Breech and Donna Barnett.

Mrs. V. J. Dahl, president of the Browning club, conducted the weekly business session of the club, Tuesday evening at 7:30. A motion, favoring Belgium for next year's study, was carried without a dissenting vote. Further business was referred to the Executive Board.

Miss Channel presided during the program, which was presented by the Literature department, assisted by Mrs. Morna B. Chapman, pianist.

Miss Blanch Tullis gave a fine description of the literary experiences of Victor Hugo, showing his subjection to waves of favorable and adverse criticism. She compared his masterpiece, "Les Misérables", to the great epic poems in that the theme was the same that inspired these other master minds. There is one who never despairs of making the bad man good, of rousing the divine spark which injustice can crush but not kill. Miss Tullis briefly presented Jean Val Jean's wrongs and temptations, and the spiritual development which resulted from the bishop's intervention in his behalf with keen analytical reasoning.

Miss Irene Tobin paid glowing tribute to Rostand's "Cyrano de Bergerac", whom she characterized as one of the finest characters in all literature. Her analysis of the drama and the passages which she read proved that her statement was true. This brave poet swordsman was equally brave in fighting against evil and in assisting his fellow men to live better lives.

His compact with the handsome Christian to furnish wit for the winking of Roxani (whom Cyrano secretly

loved) brought about the famous balcony scene, which Miss Tobin gave with fine effect.

Like Miss Tullis, Miss Tobin had the ability to condense the story, and yet present a clear picture of the leading character and the underlying thought of a great literary production.

French poetic drama and French fiction will hereafter carry a broader meaning for those who heard these fine interpretations on Tuesday evening.

Mrs. Josephine Kerr extended the hospitality of her home to the Clintons Tuesday afternoon.

Barrie's play, "Alice Sit by the Fire" proved exceedingly interesting in an animated club discussion. Mrs. Newberry, of Cleveland, who is here in the interest of "Armenian relief" and to help put over the community war chest for the relief of the near East, was a guest and made a strong plea to the club to lend assistance in this drive.

The hostess served a dainty lunch.

Honoring Mrs. Irvin Yeoman (nee Muriel Bloomer), an attractive young bride of New Holland, Miss Dona Barnett gave a miscellaneous shower Tuesday afternoon at the home of Mrs. O. L. Allen on Clinton avenue. It was an extremely pretty post-nuptial affair, affording an afternoon of gay pleasure and bestowing upon the bride many useful and beautiful gifts.

A color scheme of green and white was tastefully carried out in the decorations of the large living room, streamers of green and white extending from the corners of the room to the chandelier. Beneath the chandelier was the table containing the gifts beneath a canopy of green and white festoon.

A delicious two course luncheon was served, the hostess assisted by Mesdames Allen, Harry Craig and John Marchant.

Those present were: Mesdames Ernest Lininger, Jennie Thompson, Mary Bloomer, Ott Yeoman, Allie Lucas, Scott Campbell, Omar Barnet, Charles Barnett, Charles Hughes, Misses Wanda Mae Norris, Mary Lape, Hazel Yeoman, Theima Marchant, Opal Campbell and Lucille Thompson.

The junior girls gymnasium class of the Y. M. C. A. gave a delightfully informal little party Tuesday afternoon in the Y. W. C. A. rooms on Market street, following their regular class work, and welcomed with them Mr. A. C. Kiestler, physical director, Mrs. Lulu H. Robinson chaperone.

Miss Charlotte Townsend, secretary of the Y. W. C. A., presided, and the girls served appetizing refreshments.

Mrs. W. P. Zimmerman who has been visiting her parents, Mr. and Mrs. Mart L. McCoy for several weeks returned to her home in Springfield, Monday.

Mr. Howard Tracey is in Columbus, attending the Ohio Valley Shoe Retailers' Convention.

Little Dustin Gilton spent Wednesday with his grandmother, Mrs. Floy Bryant near New Holland.

Mr. Martin Cox has returned from a business trip to Columbus.

Mrs. M. F. Stuckey and Mrs. Glenn Rodgers, who were called to Springfield some weeks ago by the illness of Mrs. Fred Schmidt and little daughter, and who later were taken ill themselves, returned to their home in this city, Wednesday morning.

Mr. Calvin Holmes, after a five months' illness which in its earlier stages was of alarming seriousness, was able to be up town for the first time Tuesday and found a host of friends eager to congratulate him upon his recovery.

Mr. and Mrs. Carl Hewitt, Mr. and Mrs. Glenn Hankins, Mr. and Mrs. Walter Dorn were guests from Sedalia attending the Masonic Social Club dance Tuesday night.

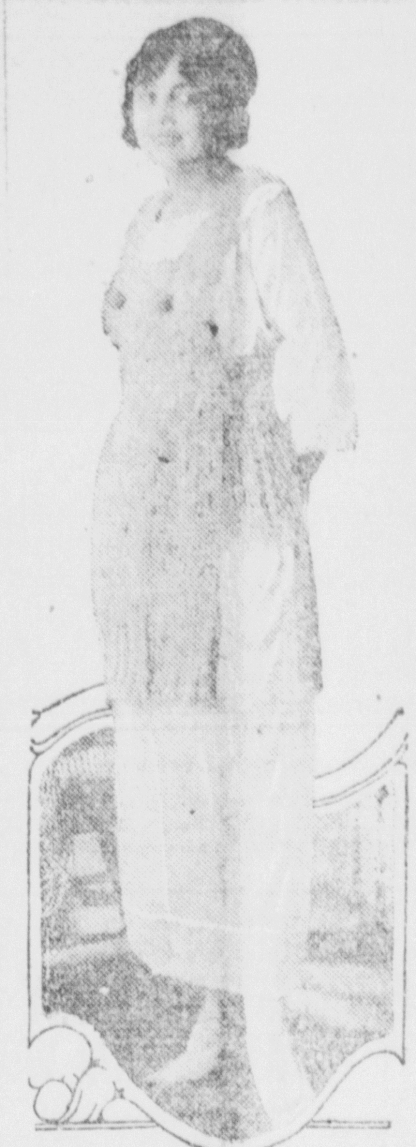

Miss Martha McCoy, of Bloomingburg, was the guest of Miss Hazel McCoy for the dance at the Masonic Temple Tuesday night.

Mr. E. C. Miller, of the Lexington Haines Auto Co., was a business visitor here from Columbus, Wednesday.

Mr. and Mrs. Chas. Kirkpatrick, Mr. and Mrs. Moon, Mr. and Mrs. Galen Kirkpatrick and Miss Ethel Asher, of New Holland were among the guests at the Masonic Social Club dance.

EXPRESS COMPANY OFFICIALS HERE

C. F. Barrett, Division Superintendent of The American Railway Express Company, with offices with General Manager W. E. Beckner, in Cincinnati, visited this city Wednesday and after looking over the local situation, arranged for greatly enlarged facilities at the Union Express office, south of the Union Station, and for installation of car-load lot express from this city in the very near future as result of the Sunlight Creameries business. The express cars will be placed on the Creameries siding for loading direct from the plant, and for frequent shipments, which will offer opportunity for other local shippers to have more speedy service.

MEANS IS FOUND FOR ITALIAN GIRLS TO WED SOLDIERS

(By Associated Press)
New York, March 2.—Twelve Italian girls who came to the United States to marry American soldiers, but who have been held at Ellis Island because they could not pass the literacy test, earned tonight Washington had ruled they may be admitted to the country for sixty days—provided they sign a pledge not to marry during that time. If Senator Calder's bill to exempt them from the test is passed, they will be free at any time to wed their soldier lovers. If the bill fails, there is a chance for the girls, for during the sixty days they may learn to read the required forty words and return to Ellis Island to demonstrate their accomplishment. Some of the fiancées have been at Ellis Island since October and November and none have arrived there later than last January.

WIFE SEEKS DIVORCE HUSBAND SUICIDES

(By Associated Press)
Cleveland, O., March 2.—Frank Vidmar, ex-soldier, ended his life in a thirty-foot leap from the fourth story of a downtown office building late today, a moment after he bid his wife farewell in the office of an attorney with whom she was arranging to file suit for divorce.

THE NEW BRITISH AMBASSADOR IS WELL INFORMED

(By Associated Press)
London, March 2.—Sir Auckland Geddes will be the first British ambassador to go to the United States with considerable knowledge of trade affairs and a strong conviction of their underlying importance to the two countries in the post war era. Lord Redding, as Ambassador, had business experiences but his mission was concerned largely with war finance, while ordinary commerce was sidetracked by the necessities of war while he was in America. Sir Auckland Geddes, as president of the Board of Trade, had partial supervision of the consular service while dealing also with the most important business question of the kingdom. He brings to his new office none of the prejudices of the old school European diplomat, who considered high politics their sphere and trade almost beneath their dignity.

ILLINOIS G. O. P. STATESMEN SHY AT GENERAL WOOD

(By Associated Press)
Washington, March 2.—The Illinois Republicans in congress joined today in a message to the Leonard Wood campaign committee of that state characterizing "as offensive" a telegraphic request from the committee that they support General Wood for the presidential nomination or else name someone in each district who would do so. The delegation as a unit wishes to express its firm belief that the state of Illinois is not in any sense of the word for Leonard Wood for president, said the joint reply.

BERNARD SHAW MAKES APPEAL TO RAZE HOVELS

(By Associated Press)
London, February 27.—George Shaw declares that the old cottages of England should be destroyed wholesale. "After living in one of these 'literary and artistic houses with an exalted sense of doing the right thing,' he told the Society of Arts recently 'one realizes that all the time one has been living in a sort of architectural hell.' I am so far modern that I have come to the conclusion that what is wanted is a law that every building should be knocked down at the end of 20 years, and a new one erected. That would get rid of old cottages. We have got into the incorrigible habit of sponging on the past. 'Every generation ought to be able to produce its own art and all this worship of the past can be got rid of by a wholesale destruction of all the monuments of the past. 'If we could avoid the wholesale destruction of human beings involved by a great war, I should be glad to have half dozen great wars in Europe so that all the old buildings might be knocked down, thus forcing us by a sort of starvation to make our own architectural efforts.'"

WANT WAR ROADS

(By Associated Press)
Honolulu, T. H. February 27.—Expenditure of \$5,000,000 by the United States army for military roads on the island of Oahu has been recommended to the War Department by Major General C. G. Morton, commanding the Hawaiian department, according to the General's announcement at a recent Chamber of Commerce dinner. In confirmation of recent reports, he said, it was the intention of the department to station a full division of soldiers on the island. "It is for your protection, for the protection of the United States," said General Morton, "that we are devoting so much thought and money to strengthening this far outpost of our country."

GENERAL SAYS ALLIES DO MORE HARM THAN GOOD

Vladivostok, December 7.—(By Associated Press)—(By Mail)—General Rudolph Gaida, formerly commander of the Czech-Slovak forces in Siberia, declared before he left here for Shanghai that "the Allies are doing Russia more harm than the Bolsheviks and the sooner the Allies leave it the better it will be for Russia."

General Gaida with his Czech-Slovak troops defeated the Bolsheviks at Perm. He led the revolutionary movement which took place here November 18, was captured by government authorities and agreed to leave Siberia. "All the Allies have done in Russia," he said to The Associated Press correspondent, "is to support black monarchy—Kolchak, Denikine, Yudenitch and the Atamans. All the future can hold is absolute monarchy or absolute Bolshevism. The Center group, the Social-Revolutionaries, the Social-Democrats and the other smaller groups of similar political orientation will be unable to assume leadership. All Siberia west of Lake Baikal will fall to the Bolsheviks, and from Baikal to the Pacific will be Japan."

SEEK FORTUNES

(By Associated Press.)

London, February 27.—Two young aristocrats are going to California to seek fame in the film world. They are Captain Vesey A. Davoren, "The O'Davoren," an Irishman who claims to be a descendant on his mother's side from the great Duke of Wellington, and on his father's side from Irish kings; and Elliot Gordon, nephew of an earl and heir to big estates in Hertfordshire. Both have played in films here.

SECOND ST. HELENA SUGGESTED FOR KAISER

Arrow from figure 1 indicates Island of Curacao.

It has been suggested that, inasmuch as Holland seems determined to resist efforts of the allies to lay their hands on ex-Empress Wilhelmina of Germany that the Dutch be asked to exile the ex-ruler on the island of Curacao. This island is a Dutch possession off the coast of Venezuela. The island would, in this case, become the modern St. Helena. It is understood that Holland may spurn even this plan for punishing the ex-Kaiser.

CORONER SAYS HIGHLAND MAN WAS A SUICIDE

The coroner of Highland county, in the case of James Gotherman, whose lifeless body was found in bed at his home in Highland county this week, presumably after having been locked up in his home since Thanksgiving day, has returned a verdict of suicide. When the body was found it was completely covered up by the bed, clothing, and this led some to suspect that foul play had taken place. After a careful examination the coroner decided that powder marks on the bed-covering had been caused by Gotherman firing the shot after he had drawn the covers completely over his head. It was evident that the man had climbed into bed after partly disrobing, and had placed a 32 calibre automatic to his forehead and sent the ball crashing through his brain, dying without a struggle.

The man's body was discovered only when a relative, in passing the bed, turned the covers back, not suspecting what was underneath the covers. The body, regardless of its several months without attention, was in a fair state of preservation.

Some 18 years ago Gotherman had spent some months in an asylum for the insane.

DON'T RISK BAD MARCH WEATHER

For the uncertain weather of March you should protect your home by having at hand a bottle of Duffee's Cough Syrup, the old time remedy that breaks up colds and stops coughs. It is a preventative of more serious troubles that are especially prevalent this season, one that thirty years of success has shown to be efficacious and thoroughly reliable.

Then, too, you will want that excellent disinfectant, Killio, which "cleans up" prevents moths, and kills insects especially roaches, ants, chicken lice etc.

With the two you fortify your family against disease and protect your clothing against moths and your food against insect pests. Your grocer or druggist can supply you.

PRIZE RECEIVED FIFTY YEARS AGO

Not many men in this vicinity possess a souvenir that they have cherished for fifty years as Mr. J. M. McKay, of North North street, does a pocket size New Testament, with clasp which was presented to him as a "reward of merit" just a half century ago today, March the third. It was the reward for having had

the most "headmarks" in what is known as the Waddle's School in Concord township and was presented by Rev. John W. Hoppes, residing West of town, who was at that time the teacher.

The old teacher and his pupil frequently meet and recall those school days and the history which was connected with this period of Fayette county's growth.

XENIA NOW OWNS WATERWORKS PLANT

Xenia is now operating her own waterworks system and better satisfaction under the municipal ownership plan is expected.

Concerning the venture and changes proposed the Xenia Gazette says in part:

"While the cost of pumping water is \$70 a million gallons, it is estimated that electric power will cut the cost to at least \$35 a million. As a boat a million gallons are pumped every day, this is a saving of \$35 a day. The average cost in other cities using electric power is from 25 to \$30 a million while Dayton it is \$12.92, so \$75 is a conservative estimate. Other than the reduction in expense, however, the city is also concerned in the quality and quantity of the present supply."

MANY CHANGES ON THE FARMS

The past few days has witnessed a great many changes of farm tenants in Fayette county, the annual moving time being observed just as faithfully as ever, and the movers are now adjusting themselves to their new surroundings and preparing for immediate work toward the spring crops.

Many farms which have changed hands are now occupied by the new owners.

RESTFUL RESULTS FOR HER

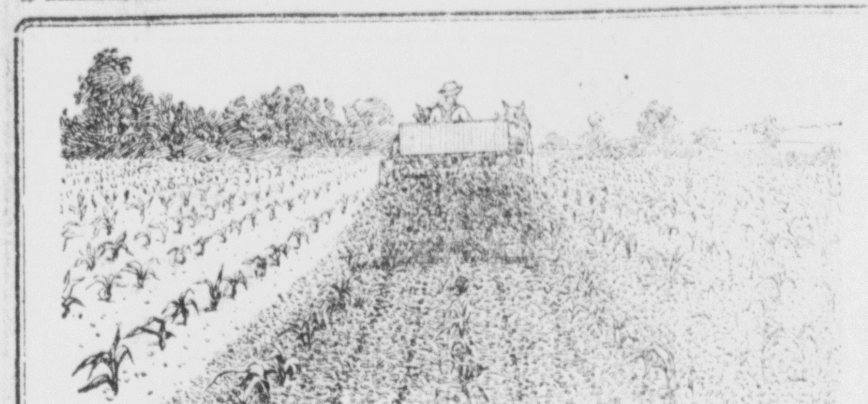

Only a person who has experienced that awful "all night" cough that sometimes follows influenza can appreciate what a good night's sleep can be. Mrs. Annie Davidson, 2080 Myrtle St., Long Beach, Cal., had such a cough, she writes: "The results of using Foley's Honey and Tar was a restful one for me." Blackmer & Tanquary.—Advt.

LARRIMER LAUNDRY
WE TAKE THE WASHING OUT OF WASHINGTON HOMES.

A Heap of Money

A HEALTHY growing crop is a hungry crop. Underfeeding the crops has killed more farm prosperity than any other one thing. You've got to keep your crop on full rations—on a steady manure diet.

Uncle Sam has it all figured out. Farmers waste a billion dollars' worth of fertility every year. The pay-dirt of the farm is being thrown to the four winds.

The Low Corn King is fighting this waste—tooth, beater, and spiral. It is the handiest, cleanest built, most efficient time and money saver ever built for bumper crop insurance.

There's high efficiency in every move. The manure is pulverized and evenly spread—not a lump so hard as to escape the double tearing it gets. Three rows of corn are top dressed at a time.

There are scores of fine, exclusive features that we want to tell you about—want to "show you"—so that you can understand our enthusiasm. You have a gold mine in that manure pile, and the Low Corn King always uncovers the pay streak.

That is what hundreds of cars want to know. Their mile-crowding owners are skeptical, too. For they are convinced that this rule is all wrong.

They are getting more miles from the tankful of gas. And motors start pronto! on cold wintry days. Their Go-Get-Em buddy is

Columbus Gasoline

You've got to take off your gasoline filler cap to Columbus. It holds the championship for delivering big mile-per-gallon returns. It will take you farther and faster than any other grade of fuel on the market.

The minute you load up with Columbus gasoline, you say good-bye to motoring grief, and you're a Columbus fiend for life.

BEST TONIC MADE DRUGGISTS CLAIM

Dayton Lady Weak and Nervous Asked What She Should Take.

THEY SAID HYPO-COD

With a hundred tonics on the shelf the well informed up-to-date druggist declared without hesitation, "Earle's Hypo-Cod is the best for a general rundown condition. 'This is because of the remarkable improvement embodied in this superb preparation and because of the well known therapeutic properties of the ingredients. Mrs. Ida Phillips, a well known lady of Dayton declares that her druggist was surely right when he said Earle's Hypo-Cod would build her up. To quote her own words, she said:

"I was worn out. I have worked hard all my life and I really began to believe I was going into a rapid decline. I was all run down and felt tired and weary all the time. I slept fairly well but all through the night I would dream, dream, dream, until in the morning I would wake up as tired and weary as when I went to bed. My nerves were almost shattered when I finally decided to suffer no longer and asked my druggist for a tonic. They told me Earle's Hypo-Cod was one of

the best tonics they had so I bought a bottle. I've taken almost three now and I feel stronger and better in every way. I am not nervous like I was and so I gladly recommend it to others."

Earle's Hypo-Cod is sold here by C. S. Haver's and Frank Christopher's drug stores and the leading druggists in all nearby towns. Price \$1.25 plus

Thousands of weary, worn-out women owe their robust health and vigor to a bottle of Earle's Hypo-Cod. It is especially good for one at this time of year. Secure a bottle tonight at your druggist.

BOWSER BEATS FAST OPPONENT

Forty-eight minutes and eight seconds were required at the Army Tuesday evening to decide which was the better of two men, Paul Bowser, of Newark, or Joe Willis, of Huntington, West Va., Bowser won the match in two falls after a hard struggle in which the grapplers went to the limit of their skill.

Appearing here for the first time, Willis made an impression among the fans that will call for his re-appearance some time in the future; game at all times and showing and endless amount of tricks of the wrestling art Willis proved no adept at science and wrestled in an unusually clean style.

From the moment that referee Brooks called time there was not a minute of rest for either man. Willis trying for a toe hold several times and Bowser grabbing for arm locks were the throwing holds attempted by the men during the first twenty minutes. Willis put a body scissors on Bowser that threatened to bring the first decision but by a mighty effort after many minutes, the middle weight champ tore loose. From then on Bowser took the offensive and won at the end of 38:27 with a crotch hold and a forward chancery.

Bowser and Willis seemed determined to make short work of the second fall and after a few minutes of grappling the Huntington man attempted to pin Bowser with a crotch hold and forward chancery, which Bowser had used on him, and again Bowser broke the hold slammed Willis heavily to the mat for victory. The time was 7:41.

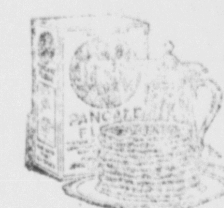

Young "Tul" Jackson was the last man in the ring in the battle royal which preceded the main bout and won the fifteen dollars offered for the victor. Three other colored boys taking part were "Booger" Burns, Wheeler George, and "Stew" Quan. Quan was the first man out and left the ring from the effects of a crashing mlt into the left side; Burns thought it best to depart and went under the ropes leaving Jackson and George to take the \$15. Jackson eventually floored George and rolled him from the ring.

It was announced by Promotor Bell after the match that Thor Olson, instructor in athletic development at Ohio University will meet Bowser here on the evening of March 23rd.
